MEETING YOUR MYPLATE GOALS ON A BUDGET
INTRODUCTION

Welcome! We’re excited to share with you these tips for meeting your MyPlate goals on a budget. Think it’s not possible? You’re not alone – in fact, 62% of shoppers say it costs too much to eat healthy food. The good news is that it truly can be easy and affordable. In fact, one study showed that serving fruits and vegetables for snacks can actually SAVE you money. Snack-size portions of produce cost about 2 cents less on average than snack-size portions of foods like crackers, chips, or donuts.

Once you know you can do it, all you need are the tips and tricks to make it happen. Throughout this guide you’ll find many ideas for making healthy, affordable choices within each MyPlate food group. You’ll also get recipes and cooking tips to make those healthy foods taste great for your family. So what are you waiting for? Let’s get started!

This guide is brought to you by the following MyPlate National Strategic Partners:
So what is MyPlate anyways? MyPlate shows you the five food groups that are the building blocks for a healthy diet using a familiar image—a place setting for a meal. Before you eat, think about what goes on your plate or in your cup or bowl. Use the tips in this guide to fill your plate with healthy foods without breaking the bank.
**VEGETABLES**
Vary your veggies.

Make half your plate fruits and veggies.
Select vegetables with more potassium often, such as white potatoes, sweet potatoes, white beans, tomato products, beet greens, soybeans, lima beans, spinach, lentils, and kidney beans.

**FRUITS**
Focus on fruits.

Make half your plate fruits and veggies.
Color your plate! Fill it with red, yellow, orange, blue, and purple fruits.
Whole fruits are a better choice than juice.

**GRAINS**
Make at least half your grains whole.

Start smart with breakfast. Look for whole grain cereals.
Just because bread is brown doesn’t mean it’s whole grain. Check the ingredients list to be sure the first word is “whole.”

**PROTEIN**
Go lean with protein.

Eat lean or low-fat meat, chicken, turkey, and fish.
Ask for it baked, broiled, or grilled — not fried.
Mix it up! Beans, peas, nuts, seeds, and eggs are all great sources of protein, too.

**DAIRY**
Get your calcium-rich foods.

Look at the carton or package to make sure your milk, yogurt, or cheese is fat-free or low-fat (1%).
Calcium builds strong bones. If you can’t have milk products, choose other calcium sources like fortified soy milk.
FRUITS AND VEGETABLES

MyPlate says:
Make half your plate fruits and vegetables.

The Budget Shopper says:
Buy fruits and vegetables in all their forms — fresh, frozen, and canned.

Fresh, frozen, and canned are all nutritious forms of fruits and vegetables. In fact, canned and frozen produce is typically picked and packed at its peak, when it’s chock-full of nutrients. It also lasts longer than fresh, which can cut down on the amount you waste. Try these tips for choosing wisely with fresh, frozen, and canned:

- Buy fresh produce when it’s in season. It will cost less and taste better than out-of-season produce.
- Buy canned or frozen produce year-round. Look for veggies that have not been pre-sauced and say “no salt added,” “low sodium,” or “reduced sodium.” Look for fruits canned in juice or light syrup.

Time-saving tip: Another great thing about canned and frozen produce? It often comes pre-chopped and pre-cooked (think diced tomatoes and cut green beans), saving you time in the kitchen! Don’t try this with fresh produce — pre-rinsed and pre-cut will almost always cost you more.

FOR MORE TIPS ON COOKING WITH CANNED FOODS, VISIT WWW.MEALTIME.ORG.
The USDA’s MyPlate recommends that we fill half our plates with all forms of fruits and vegetables, or about 2.5 cups of vegetables and 2 cups of fruit each day. Using a combo of fresh, frozen, and canned produce, you can get 3 extra servings of fruits and veggies compared to buying only fresh!

The Budget Chef likes potatoes!

At about 19 cents per serving, potatoes are the largest, most affordable source of potassium in the produce department. They have even more potassium than a banana! Most Americans are not meeting the recommended amount of potassium per day — and that’s a big deal. Potassium can help lower blood pressure and may decrease chances of kidney stones and bone loss.

The Budget Chef cooks microwaved potatoes 3 ways!

For these recipes, start with 4 (5- to 6-ounce) whole potatoes, rinsed. Each recipe serves 4.

Classic Baked Potatoes
Cut a wedge out of each potato, about ¼-inch wide and 1-inch deep. This allows steam to escape while microwaving. Place in a microwave-safe dish. Microwave on high, uncovered, 10-12 minutes. Using a kitchen towel or oven mitts, remove hot dish from microwave. Carefully make a slit in the top of each potato. Fluff with a fork. Add your favorite toppings. For an extra veggie boost, top with chopped tomatoes, steamed broccoli, or cut corn.

Basic Mashed Potatoes
Place potatoes into microwave-safe dish. Do NOT puncture the skin. Cover — if covering with plastic wrap, poke small hole in plastic. Microwave on high, 10-12 minutes. Using a kitchen towel or oven mitts, remove hot dish. Carefully remove cover. Mash well with a fork. Stir in ½ cup each plain yogurt and low-fat milk, plus 1½ Tablespoons oil or butter. Add salt and pepper to taste.

Microwave Roasted Potatoes
Cut potatoes into 1-inch cubes. Place in microwave-safe dish. Drizzle 2 Tablespoons canola or olive oil. Sprinkle with herbs or seasonings of your choice (such as dried thyme, sage, or paprika). Toss to coat evenly. Cover — if covering with plastic wrap, poke small hole in plastic. Microwave on high, 10-12 minutes. Using a kitchen towel or oven mitts, remove hot dish and serve.

GRAINS

MyPlate says:
Make at least half your grains whole.

The Budget Shopper says:
Store brands can save you money on your favorite whole grain foods.

Whole grains don’t have to cost more. In fact, many of your favorite grains are available as whole grains for the same price. You can also look for store brands, like store brand cereal. Try a few and see which ones compare well on taste. Another money-saving bonus? Whole grains can keep you full for longer — so you may not need to cook or serve as much to begin with!

New to whole grains? Here’s a tip: buy the whole-grain version of the grains you already love. You can find whole grain cereal, rice, pasta, bread, crackers, tortillas, and more. To get your family used to the more wholesome taste, start by mixing them together — like half brown rice and half white rice. Slowly increase the amount of whole grains you use. How do you know a food is whole grain? Look for a whole grain word (like whole wheat flour, whole oats, or brown rice) as the first ingredient in the ingredients list.

Time-saving tip: Cook once and eat all week. Cooked whole grains like brown rice can be stored in the fridge for 3-5 days or frozen for up to 6 months. Make a big batch over the weekend or whenever you have the most time. Then use with your meals all week long. Just add a small amount of water to add moisture when reheating.
The Budget Chef likes brown rice!
At just 10 cents and 100 calories per serving, brown rice is a great choice for your wallet and your health.

The Budget Chef cooks brown rice bowls!
So fast. So easy. So good. Just follow these 3 easy steps:

1. Start with brown rice.
   One cup cooked gives you 2 whole grain servings.

2. Pack in produce.
   Choose veggies in a variety of colors — like green, red, orange, and yellow.

3. Top with lean proteins.
   Try proteins like canned fish or beans, eggs, poultry with skin removed, or lean meats.

Now add some flavor to fit your mood and dinner (or breakfast! or lunch!) is ready. Try these combos or create your own.

PROTEIN

MyPlate says:
Choose lean proteins and vary your protein food choices.

The Budget Shopper says:
Use healthy, affordable proteins like beans, eggs, and canned fish several times per week.

Check your receipts next time you go to the store. Protein foods are likely one of the biggest strains on your wallet when it comes to food shopping. Save big by using budget-friendly proteins more often. Replace half the ground meat in tacos with your favorite beans. Use canned tuna or salmon in your next casserole. Or top a salad with hardboiled eggs for protein power. If you’re buying meat or poultry, check your store flyers before you shop. If you have enough space in your freezer, buy in bulk whatever is on deep discount and freeze what you won’t use right away.

Time-saving tip: Dried beans are great when you have the time to soak them, but canned beans are a great time-saver for weeknight meals. Rinse and drain before using to cut the sodium by almost half, or look for low-sodium or no-salt-added versions.

Other Egg-cellent Benefits

Studies suggest that healthy individuals can enjoy an egg a day without increasing blood cholesterol levels.

Eggs are one of the most affordable sources of high-quality protein.
The Budget Chef likes eggs!

At just 15 cents per egg, eggs are one of the most affordable sources of high-quality protein. One egg contains 6 grams of protein and varying amounts of 13 essential vitamins and minerals — all for about 70 calories.

The Budget Chef cooks easy eggs!

Scrambled Eggs

Beat eggs with a fork for 20-30 seconds. Heat pan over medium-low. Coat with cooking spray. Turn heat down to low and add eggs. Wait until you see eggs start to “set,” or firm up, on the bottom. Begin to stir, pushing eggs toward the center of the pan. When eggs are cooked to your liking, add salt, pepper, and any other ingredients you like. Try adding herbs, chopped tomatoes, or sautéed mushrooms or veggies. Remove from pan and serve right away.

Hard-Boiled Eggs

Place eggs in a pot large enough to hold them in a single layer. Cover with cold water. There should be about an inch of water over the top of the eggs. Turn heat on high. As soon as water comes to a boil, remove pot from heat. Cover tightly with a lid. Let sit 9-15 minutes, depending on the size of the egg. Remove lid and drain off water. Transfer eggs to a bowl of cold water. Let sit at least 10 minutes. Peel and serve. Or, if you won’t eat right away, refrigerate after cooling. Do not peel until ready to eat.

Fried Eggs

Heat a pan over medium heat. Coat with cooking spray. Crack egg into a small bowl. Gently slide it off the bowl and into the pan. Immediately reduce heat to low. Cover pan with a lid. Cook about 5 minutes, until egg white turns solid and yolk begins to thicken. Slide cooked egg onto a plate. Season with salt and pepper.

DAIRY

MyPlate says:
Choose low-fat (1%) or nonfat milk and milk products.

The Budget Shopper says:
Compare unit prices to find the best deal.

Larger packages of foods often have a lower unit price. In the dairy aisle, compare unit prices for a gallon versus a half-gallon of milk, a tub of yogurt versus individual-size packages, or a larger versus smaller bag of cheese. Choose the item with the lower unit cost. Worried you won’t use up the larger item before it goes bad? Dairy foods can be frozen for later use.

Not sure where to find unit price? You can usually find it on the shelf tag just under the food. It will often be listed as “price per ounce” or “price per gallon” — think of gas prices, which are listed as “price per gallon.” The unit price tells you how much it costs for a set amount of food, so you can compare “apples to apples” (or “yogurt to yogurt”!).

Time-saving tip: Compare unit prices for block and pre-shredded cheese. Sometimes pre-shredded cheese can have a lower unit price, particularly if it’s on sale. You won’t know until you check.

1 Gallon Store Brand Milk

You Pay $2.99

Unit Price $0.02 Per Ounce

Unit price

The Budget Chef likes low-fat milk!
New to drinking or cooking with low-fat milk? Try going down just one fat level at a time to get your family used to the taste. If you drink whole milk, start with 2%. If you drink 2%, move to 1%. When you feel ready, try going down one more level. Or, start by mixing higher- and lower-fat milk. Slowly increase the amount of lower-fat milk.

The Budget Chef cooks lower-fat family favorites!
Start lightening up your family’s favorite dishes with this recipe for a Simple White Sauce. Use it in place of cream sauces in your recipes — like Fettuccine Alfredo or Tuna Noodle Casserole.

1. In a small bowl, use a fork to whisk together 2 Tablespoons cornstarch and 1 cup nonfat or low-fat milk until smooth.

2. In a large saucepan over medium heat, add milk mixture. Cook until thickened, stirring constantly, about 5 minutes.

3. Stir in 2 teaspoons mustard. Season with dried or fresh herbs as you like, such as basil, parsley, or dill. Start with ¼ teaspoon and add to your taste.

4. Remove from heat. Add salt and pepper to taste. Serve hot.

BARLEY JAMBALAYA

www.CookingMatters.org

Serves 6, 1¼ cups per serving
Prep time: 25 minutes • Cook time: 1 hour
INGREDIENTS
1 cup instant pearl barley
4 cups water
2 whole bay leaves
3 medium onions
2 medium celery stalks
1 medium green, red, yellow, or orange bell pepper
2 medium cloves garlic
1 Tablespoon canola oil
4 ounces ground turkey
2 (14½-ounce) cans diced tomatoes, no salt added
1 teaspoon salt
½ teaspoon ground cayenne pepper
1½ teaspoons dried oregano
1 teaspoon ground black pepper

MATERIALS
Can opener • Colander • Cutting board • Large pot with lid • Measuring cups • Measuring spoons • Medium pot with lid • Mixing spoon • Sharp knife

DIRECTIONS

In Advance
1. In a colander, rinse barley under cold water.
2. In a medium pot over high heat, bring barley, water, and bay leaves to a boil. Reduce heat to low and cover. Cook barley until tender and water is absorbed, about 20–30 minutes.
3. In a colander, drain barley. Set aside.

Preparation
4. Peel, rinse, and dice onions. Rinse and dice celery and pepper. Peel and mince garlic.
5. In a large pot over medium-high heat, heat oil.
6. Add onions, celery, pepper, and garlic to pot. Mix well. Cook until veggies are soft, about 5 minutes.
7. Add ground turkey. Cook until turkey is cooked through, about 5 minutes more.
8. Add tomatoes and their juices. Bring to a simmer.
10. Add cooked barley to the mixture. Stir to combine. Add more water or broth, if needed. Cook over low heat to blend flavors, about 5–10 minutes more.
11. Remove bay leaves and serve.

CHEF’S NOTES
• To save time, cook barley up to 2 days in advance. Refrigerate until ready to use. Add to pot in step 10.
• If instant barley is not available, use regular pearl barley. Cook following package instructions, about 45 minutes.
• When doubling this recipe, do not double cayenne pepper unless you prefer a very spicy dish.
• Use turkey sausage or soy sausage instead of ground turkey, if desired.
• For a vegetarian option, use cooked or canned pinto or black beans, rinsed and drained, in place of meat.
• Use brown rice instead of barley, if you like. Cook rice following package instructions. Add cooked rice in place of barley in step 10.
BROCCOLI-CHEDDAR FRITTATA

www.incredibleeggg.org

Serves 6
Prep time: 10 minutes • Cook time: 20-25 minutes

2. Beat eggs, milk, mustard, salt and pepper in large bowl until blended. Add broccoli mixture, cheese and green onion; mix well.

3. Coat same skillet with cooking spray; heat over medium heat until hot. Pour in egg mixture; cook over low to medium heat until eggs are almost set, 8 to 10 minutes.

4. Remove from heat. Cover and let stand until eggs are completely set and no visible liquid egg remains, 8 to 10 minutes. Cut into wedges.

CHEF’S NOTES

• Broil option: After removing from heat, frittata can be broiled, 6 inches from heat until eggs are completely set and no visible liquid egg remains, 2 to 3 minutes.

• Three ways to serve a frittata: Serve wedges right from pan, slide uncut frittata topside-up onto platter, or invert it onto platter to show its nicely-browned bottom.

INGREDIENTS

1 package (10 oz.) frozen chopped broccoli
¼ cup water
8 eggs
¼ cup nonfat or low-fat milk
2 teaspoons prepared mustard
1 teaspoon seasoned salt
½ teaspoon pepper

SMOKED HAM HOCKS WITH LIMA BEANS

www.CookingMatters.org
Serves 8, 1 cup per serving
Prep time: 10 minutes • Cook time: 50 minutes
INGREDIENTS
½ medium onion
2 cloves garlic
2 pounds smoked ham hocks
8 cups water
1 pound frozen lima beans
½ teaspoon ground black pepper

MATERIALS
Cutting board • Sharp knife
• Large pot with lid • measuring cups • Measuring spoons • Mixing spoon

DIRECTIONS
1. Peel, rinse, and chop onion. Peel and mince garlic.
2. In a large pot over high heat, add ham hocks and water. Bring to a boil. Reduce heat to a simmer. Add onion and garlic. Cover and cook until meat is tender, about 30-40 minutes.
3. Transfer ham hocks to a clean cutting board. Let cool.
4. Add lima beans to pot. Cook according to package directions.
5. When ham hocks are cool, shred meat from the bone, removing any fat. Return to pot. Stir in pepper. If using salt, stir in now.

• Serve this traditional Southern dish like a soup. Or, use a slotted spoon to take out the beans and meat. Serve over brown rice.
• For extra flavor and color, add diced carrots and celery.
• Use a leftover meaty ham bone or smoked neck bones in place of the ham hocks.

TEX-MEX SKILLET

www.CookingMatters.org
Serves 8, ½ cup filling and 1 tortilla per serving
Prep time: 20 minutes • Cook time: 20-25 minutes
INGREDIENTS
½ medium head lettuce
1 medium green bell pepper
1 large tomato
1 small jalapeño pepper
½ medium red onion
2 cloves garlic
2 ounces low-fat cheddar cheese
1 (15½-ounce) can black beans, no salt added
1 pound lean ground beef, chicken, or turkey
1 (12-ounce) bag frozen corn
½ cup water
¾ teaspoon chili powder
¼ teaspoon salt
¼ teaspoon ground cumin
Pinch ground black pepper
8 (6-inch) whole wheat flour tortillas

MATERIALS
Box grater • Can opener • Colander • Cutting board • Large skillet with lid • Measuring cups • Measuring spoons • Sharp knife • Small bowl

DIRECTIONS
1. Rinse lettuce, bell pepper, tomato, and jalapeño. Rinse and peel onion. Peel garlic.
2. Chop or shred lettuce into bite-size pieces. Mince garlic. Halve the jalapeño and bell peppers. Remove seeds with the tip of a knife. Dice peppers.
3. Over a small bowl, grate tomato and onion using the coarse side of a box grater. Collect all pulp and juices.
4. Grate cheddar cheese.
5. In a colander, drain and rinse beans.
6. In a large skillet over medium-high heat, cook meat, bell pepper, and garlic, until meat is lightly browned. Drain to remove fat.
7. Stir in frozen corn, beans, water, and spices. Bring mixture to a boil. Lower heat and cover. Simmer for 10 minutes, or until most liquid is gone.
8. While meat mixture is simmering, make a salsa. Add jalapeño and a pinch of salt to the grated tomato and onion. Stir and set aside.
9. Divide the meat mixture evenly among the 8 tortillas. Top each with grated cheese, salsa, and lettuce. Roll up and serve.

CHEF’S NOTES
• Use any type of cooked beans in place of the black beans.
• For a vegetarian option, use an extra can of drained and rinsed beans in place of the meat.
• To increase heat, leave a few seeds from the jalapeño in the salsa. Or, season with an extra pinch of cayenne pepper.
• Top with rinsed and chopped tomatoes, green onions, low-fat sour cream, or low-fat plain yogurt, if you like.
